

# Have your cholesterol numbers made these kind of leaps in *3 months*?

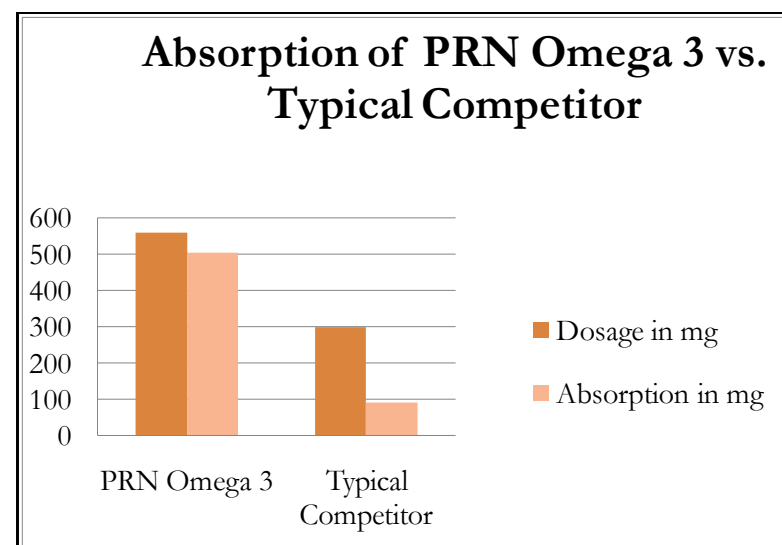

| Blood Tests Considered             | Case 1 |      |        |            | Case 2 |      |        |            | Case 3 |      |        |            |
|------------------------------------|--------|------|--------|------------|--------|------|--------|------------|--------|------|--------|------------|
|                                    | Pre    | Post | Change | % Improved | Pre    | Post | Change | % Improved | Pre    | Post | Change | % Improved |
| Triglycerides (<150mg/dL)          | 114    | 86   | 28 pts | 25%        | n/a    | n/a  | n/a    | n/a        | 163    | 112  | 51     | 32%        |
| Cholesterol, Total (125-200 mg/dL) | 194    | 179  | 15     | 8%         | 246    | 226  | 20     | 8%         | 214    | 181  | 33     | 15%        |
| HDL (>/= 40 mg/dL)                 | 62     | 72   | 10     | 16%        | 46     | 97   | 51     | 111%       | 31     | 36   | 5      | 16%        |
| LDL (<130 mg/dL)                   | 109    | 90   | 19     | 17%        | 128    | 114  | 14     | 11%        | 150    | 120  | 30     | 20%        |

After taking the PRN Cardio Benefits System supplements, *WITH NO CHANGES TO LIFESTYLE*, these are the improvements made after 3 months of the supplement. \*Case 1 compared annual blood reports but only used product last 3 months.

PRN Physician Recommended Nutraceuticals' Omega 3 products are:

- Kept in the natural triglyceride form found in fish for **maximum absorption**.
- No aftertaste or unpleasant 'repeating'.
- **Highly purified and concentrated to meet and exceed cGMP standards in a pharmaceutically licensed facility and tested by an independent lab.**
- Save 51% vs. GNC for 2 absorbable grams (68% vs Carlson; 85% vs Omacor)!
- **Not associated with the damaging side effects of statins.**
- Formulated with vitamin D3 for its general and cardiovascular health benefits and to combat the growing epidemic of vitamin D deficiency.
- **Gives you the added benefit of its anti-inflammatory effects on your joints!**

This formula offers a comprehensive approach to support healthy LDL 'bad' cholesterol and triglyceride levels, while maintaining HDL 'good' cholesterol levels. Vitamin D3 has been added for additional comprehensive health benefits. \*These statements have not been evaluated by the Food and Drug Administration. These products are not meant to diagnose, treat, cure or prevent any disease.
